PRICE LIST FOR ACCOUNTING OFFICES

PROCOUNTOR LEDGER PACKAGE FEATURES AND MONTHLY FEES

Procountor Ledger is available in Light, Basic and Plus packages. Broader packages include more features. The desired version is selected in the process of creating a Procountor environment and the package can be changed.

Procountor Ledger has voucher-based fees. One accounting office user can take care of an unlimited amount of customer companies with a monthly fee. The amount of the user-based fee is defined by the widest version that the accounting office user has the access to. All the fees of Ledger packages are invoiced from the accounting office.

Customer company users can be given viewing rights to their Procountor Ledger environment free of charge.

PROCOUNTOR LEDGER SENDING FEES, RECEIVING FEES AND BANKING FEES

A sending or receiving fee will be added to the monthly fee depending on the method of sending or receiving. If sending or receiving does not happen through Procuntor, a sending or receiving fee will not be charged. Sending and receiving features can be activated to Ledger packages Basic and Plus when applicable.

Sending and receiving of electronic invoices requires that electronic invoice services from Apix or bank are opened. Receiving scanned purchase invoices requires that scanning service is opened. To enable the e-mail scanning service by Apix paper invoice scanning is required.

Banking fees are the same in every Financials packages. Banks have their own fees that they charge from customers.
